Want to know the story behind the headlines? What if it made you rethink how you see criminals?

Their actions make the news. Their crimes make headlines. But the public rarely gets a detailed glimpse of the real lives criminals lead outside the evening news. In his new book, *Wanted: Gentleman Bank Robber*, author Dane Batty provides readers with a seldom seen look behind the scenes of the life of an expert bank robber. He gives voice to his uncle, Leslie Rogge, who was once one of the FBI's Top Ten Most Wanted Fugitives and featured on the television program *America's Most Wanted*, robbing nearly 30 banks and taking in over \$2 million dollars.

Through vivid and engaging details Leslie Rogge shares his side of the chase that lasted over 20 years as he was in and out of prison, escaping custody three times and almost out-running the authorities. The book takes readers inside:

- the planning and preparation behind his robberies and escapes
- how he used his smarts and social skills to avoid ever firing a gun
- brushes with celebrity and brushes with the law
- his eventual capture and life behind bars

At times humorous and heart warming, Rogge's story is not the conventional tale of the cut and dry case of a hardened criminal. Coinciding with the 60th anniversary of the FBI's Top Ten Most Wanted list, the book's release reveals a complex man who was a successful robber but more than just a common criminal.
